NOTES

1. The report is invalid if the first page does not bear the qualification accreditation mark, the special inspection/testing seal, and the cross-page seal.
2. This report may not be copied without approval from our organization, except when copied in full.
3. The report is invalid without the signatures of the preparer, reviewer, and approver.
4. The report is invalid if altered.
5. Commissioned inspection/testing is responsible only for the sample provided by the client. Third-party information in a commissioned inspection/testing report is provided by the entrusting party, who is responsible for its authenticity.
6. If there is any objection to the inspection/testing report, an application may be submitted to our organization within seven days from receipt of the report. Applications submitted after the deadline will not be accepted.
7. The cover and title/introductory page are not included in the total number of report pages.
